

Willa Wei

Product Designer | UX/UI Designer

willawei624@gmail.com | +1 206-255-5652 | SEATTLE, 98105, US

SUMMARY

Product Designer with a background in Human-Centered Design and Illustration, currently pursuing an M.S. in Human Centered Design & Engineering at the University of Washington. Experienced in end-to-end product design, user research, interaction design, usability testing, and data-informed design. Proficient in Figma, Tableau, Adobe Creative Suite, and AI-assisted design workflows, with a strong foundation in data-informed and user-centered design.

PROFESSIONAL EXPERIENCE

VISUAL DESIGNER JUN 2021 – NOV 2021 | SHUPIAN STUDIO | HUNAN, CN

Commercial Visual Design: Delivered 20+ commercial design projects, including character illustrations, cover designs, and promotional materials for IP branding and marketing campaigns.

Client Collaboration: Worked closely with clients to iterate on design concepts based on feedback, ensuring high-quality deliverables and client satisfaction.

Brand Identity: Produced character designs, layouts, and visual assets that strengthened brand consistency and communication.

PROJECTS

UX/UI DESIGNER MAR 2026 – JUN 2026 | DISNEY WORLD DYNAMICS | SEATTLE, US

User Research: Conducted interviews and affinity mapping to identify user pain points and translate insights into design opportunities.

Data-Driven Design: Integrated and analyzed multi-source datasets to support visualization design and product decisions.

Interaction Design: Designed an interactive dashboard to visualize ride wait times, attendance trends, and park operations.

Design Iteration: Refined information hierarchy, chart layouts, and interactions through multiple rounds of design critiques.

UX RESEARCHER JAN 2026 – MAR 2026 | COLLEAGUE AI. USABILITY TEST | SEATTLE, US

Usability Testing: Evaluated an AI-powered education platform to identify usability issues affecting teachers' workflows.

Problem Analysis: Prioritized 10+ usability issues using Severity Ranking to support product improvements.

Design Recommendations: Delivered a 40+ page evaluation report with actionable UX recommendations.

UX/UI DESIGNER SEP 2025 – DEC 2025 | TRU WELLNESS PODS | SEATTLE, US

User Research: Conducted interviews and surveys to understand students' wellness and accessibility needs.

Product Design: Designed the end-to-end experience for a mobile reservation app and kiosk interface.

High-Fidelity Prototyping: Built accessible, multilingual prototypes in Figma.

Design Documentation: Produced a 28-page design specification covering personas, user flows, and design guidelines.

PRODUCT DESIGNER AUG 2024 – MAR 2025 | PAWPAL | REMOTE

End-to-End Product Design: Led the end-to-end UX design process from research to high-fidelity prototyping.

User Research: Conducted interviews, surveys, and usability testing to validate user needs.

Interaction Design: Designed user flows, information architecture, wireframes, and a scalable design system.

Product Iteration: Refined core features through continuous testing and design iterations.

EDUCATION

UNIVERSITY OF WASHINGTON SEP 2025 – PRESENT | M.S. IN HUMAN CENTERED DESIGN & ENGINEERING (HCDE)

GPA: 3.85/4.0 Relevant Coursework: User-Centered Design, Usability Studies, Qualitative Research Methods

RINGLING COLLEGE OF ART AND DESIGN SEP 2017 – MAY 2022 | B.F.A. IN ILLUSTRATION

Graduated with Honor GPA: 3.53/4.0 Award: Best of Ringling 2022 Relevant Coursework: Visual Development

Skills : End-to-End Product Design, User Research, Interaction Design, Wireframing, High-Fidelity Prototyping, Design Systems

Languages: English (Fluent), Mandarin (Native)
